

### ***Circumcisions Billing***

Circumcisions are considered elective surgery. Medicaid insurance and most other insurance companies ***may not cover*** this procedure. If your insurance policy ***does cover*** circumcisions, it is your responsibility to contact the billing department at InterMed, give them your baby's name and policy number so this procedure may be billed in a timely matter.

If your insurance ***does not cover*** circumcisions, and you would like to have this procedure done before leaving the hospital, ***you must pay this fee in full***. You may make small payments throughout your pregnancy at the time of your appointments, and we will put this as a credit on your account. Please inform the front office you are paying on the circumcision so we will credit your account appropriately. ***The cost of this procedure is \$555.00.***

All of our billing is done from our InterMed billing office. If you would like to make a payment plan please contact our billing department at 207-828-0361.

***\*Please be sure to check with your insurance company on coverage and prior authorization requirements***
